RISK DISCLOSURE STATEMENT

THE RISK OF LOSS IN TRADING COMMODITY INTERESTS CAN BE SUBSTANTIAL. YOU SHOULD THEREFORE CAREFULLY CONSIDER WHETHER SUCH TRADING IS SUITABLE FOR YOU IN LIGHT OF YOUR FINANCIAL CONDITION. IN CONSIDERING WHETHER TO TRADE OR TO AUTHORIZE SOMEONE ELSE TO TRADE FOR YOU, YOU SHOULD BE AWARE OF THE FOLLOWING:

IF YOU PURCHASE A COMMODITY OPTION YOU MAY SUSTAIN A TOTAL LOSS OF THE PREMIUM AND OF ALL TRANSACTION COSTS.

IF YOU PURCHASE OR SELL A COMMODITY FUTURES CONTRACT OR SELL A COMMODITY OPTION OR ENGAGE IN OFF-EXCHANGE FOREIGN CURRENCY TRADING YOU MAY SUSTAIN A TOTAL LOSS OF THE INITIAL MARGIN FUNDS OR SECURITY DEPOSIT AND ANY ADDITIONAL FUNDS THAT YOU DEPOSIT WITH YOUR BROKER TO ESTABLISH OR MAINTAIN YOUR POSITION. IF THE MARKET MOVES AGAINST YOUR POSITION, YOU MAY BE CALLED UPON BY YOUR BROKER TO DEPOSIT A SUBSTANTIAL AMOUNT OF ADDITIONAL MARGIN FUNDS, ON SHORT NOTICE, IN ORDER TO MAINTAIN YOUR POSITION. IF YOU DO NOT PROVIDE THE REQUESTED FUNDS WITHIN THE PRESCRIBED TIME, YOUR POSITION MAY BE LIQUIDATED AT A LOSS, AND YOU WILL BE LIABLE FOR ANY RESULTING DEFICIT IN YOUR ACCOUNT.

UNDER CERTAIN MARKET CONDITIONS, YOU MAY FIND IT DIFFICULT OR IMPOSSIBLE TO LIQUIDATE A POSITION. THIS CAN OCCUR, FOR EXAMPLE, WHEN THE MARKET MAKES A "LIMIT MOVE." THE PLACEMENT OF CONTINGENT ORDERS BY YOU OR YOUR TRADING ADVISOR, SUCH AS A "STOP-LOSS" OR "STOP-LIMIT" ORDER, WILL NOT NECESSARILY LIMIT YOUR LOSSES TO THE INTENDED AMOUNTS, SINCE MARKET CONDITIONS MAY MAKE IT IMPOSSIBLE TO EXECUTE SUCH ORDERS.

A "SPREAD" POSITION MAY NOT BE LESS RISKY THAN A SIMPLE "LONG" OR "SHORT" POSITION.

THE HIGH DEGREE OF LEVERAGE THAT IS OFTEN OBTAINABLE IN COMMODITY INTEREST TRADING CAN WORK AGAINST YOU AS WELL AS FOR YOU. THE USE OF LEVERAGE CAN LEAD TO LARGE LOSSES AS WELL AS GAINS.

IN SOME CASES, MANAGED COMMODITY ACCOUNTS ARE SUBJECT TO SUBSTANTIAL CHARGES FOR MANAGEMENT AND ADVISORY FEES. IT MAY BE NECESSARY FOR THOSE ACCOUNTS THAT ARE SUBJECT TO THESE CHARGES TO MAKE SUBSTANTIAL TRADING PROFITS TO AVOID DEPLETION OR EXHAUSTION OF THEIR ASSETS. THIS DISCLOSURE DOCUMENT

CONTAINS, AT PAGE 15, A COMPLETE DESCRIPTION OF EACH FEE TO BE CHARGED TO YOUR ACCOUNT BY THE COMMODITY TRADING ADVISOR.

THIS BRIEF STATEMENT CANNOT DISCLOSE ALL THE RISKS AND OTHER SIGNIFICANT ASPECTS OF THE COMMODITY INTEREST MARKETS. YOU SHOULD THEREFORE CAREFULLY STUDY THIS DISCLOSURE DOCUMENT AND COMMODITY INTEREST TRADING BEFORE YOU TRADE, INCLUDING THE DESCRIPTION OF THE PRINCIPAL RISK FACTORS OF THIS INVESTMENT, AT PAGE 9.

THIS COMMODITY TRADING ADVISOR IS PROHIBITED BY LAW FROM ACCEPTING FUNDS IN THE TRADING ADVISOR'S NAME FROM A CLIENT FOR TRADING COMMODITY INTERESTS. YOU MUST PLACE ALL FUNDS FOR TRADING IN THIS TRADING PROGRAM DIRECTLY WITH A FUTURES COMMISSION MERCHANT OR RETAIL FOREIGN EXCHANGE DEALER, AS APPLICABLE.

BACKGROUND OF THE ADVISOR AND ITS PRINCIPALS

No person is authorized by Opus Futures, LLC or its affiliates to give any information or make any representation not contained in this Disclosure Document.

Opus Futures, LLC (the "Advisor") is a Tennessee limited liability company that was organized in December 2010. The Advisor is registered with the Commodity Futures Trading Commission ("CFTC") as a Commodity Trading Advisor ("CTA") and is a member of the National Futures Association ("NFA") in such capacity. The registration of the Advisor as a CTA and NFA Member became effective on January 20, 2011. The business office of the Advisor is 9047 Poplar Avenue, Suite 101, Germantown, Tennessee, 38138 and the telephone number is (901) 766-4446. The Advisor does not intend to use this document prior to the date of the document. The performance of the accounts traded by the Advisor can be found on page 18.

Biographical information on the principals of the Advisor (hereinafter the "Principals") is listed below:

David Zelinski ("Mr. Zelinski") is Chairman of the Advisor and is solely responsible for the trading decisions of the Advisor. Mr. Zelinski is an individual registered with the CFTC as an Associated Person of Nesvick Trading Group, LLC (an introducing broker) and is a member of the NFA in such capacity. Mr. Zelinski maintains an office at 9047 Poplar Avenue, Suite 101, Germantown, Tennessee, 38138, telephone number (901) 766-4446. In such capacity, Mr. Zelinski holds responsibility for supervision and compliance with NFA Rules and other laws and regulations pertinent to the commodity futures business he conducts.

On March 1, 2005, the application of Mr. Zelinski with the CFTC to become an Associated Person of Refco, LLC (a registered FCM) became effective. Refco, LLC was later acquired by Man Financial Inc. (a registered FCM), and Mr. Zelinski's Associated Person status with Man Financial Inc. became effective November 28, 2005. Mr. Zelinski became a Branch Manager with Man Financial Inc. on March 20, 2007. Man Financial Inc. was later renamed MF Global, Inc. (a registered FCM), and Mr. Zelinski's registration as an Associated Person and Branch Manager was rolled to MF Global Inc. effective January 1, 2008. As an Associated Person of Refco, LLC, Man Financial Inc., and MF Global Inc., Mr. Zelinski handled customer service duties for various commodity customer accounts and in his capacity as a branch manager (where applicable) Mr. Zelinski also was responsible for supervision and compliance with NFA Rules and other laws and regulations pertinent to the commodity futures business. Mr. Zelinski's registration as an Associated Person and Branch Manager of MF Global Inc. was withdrawn August 1, 2008.

TRADING OF PRINCIPALS' PERSONAL ACCOUNTS

The Principals (and those entities with whom they are affiliated (hereinafter the "Affiliates") have traded commodity accounts in the past and will continue trading commodity interests for their own accounts. The records and written policies of any such trading of the Advisor, Principals, and Affiliates will not be made available for inspection by any Client. Trading done by the Principals and the Affiliates may have different objectives than that of the Advisor, and such trading may differ from trading done for client commodity accounts.

PRINCIPAL RISK FACTORS

The risk of loss in trading commodity futures contracts can be substantial. You should therefore carefully consider whether such trading is suitable for you in light of your financial condition. Certain risks in trading commodities are due to volatility, leverage, and liquidity.

Commodity trading is speculative and volatile. Commodity interest prices are highly volatile. Price movements for commodity interests are influenced by, among other things: changing supply and demand relationships; weather; agricultural; trade, fiscal, monetary, and exchange control programs and policies of governments; US and foreign political and economic events and policies; changes in national and international interests rates and rates of inflation; currency devaluations and revaluations; and emotions of the marketplace. None of these factors can be controlled by the Advisor and no assurance can be given that the Advisor's advice will result in profitable trades for a client or that a client will not incur substantial losses.

Commodity trading is highly leveraged. The low margin deposits normally required in commodity interest trading (typically 2% to 15% of the value of the contract purchased or sold) permit an extremely high degree of leverage. Accordingly, a relatively small price movement in a contract may result in immediate and substantial losses to the investor. For example, if at the time of purchase 10% of the price of a futures contract is deposited as margin, a 10% decrease in the price of the contract would, if the contract is then closed out, result in a total loss of the margin deposit before any deductions for brokerage commissions. A decrease of more than 10% would result in a loss of more than the total margin deposit. Thus, like other leveraged investments, any trade may result in losses in excess of the amount invested. When the market value of a particular open position changes to a point where the margin on deposit in a client's account does not satisfy the applicable maintenance margin requirement imposed by the Futures Commission Merchant with whom the account is custodied ("FCM"), the client, and not

the Advisor, will receive a margin call from the FCM. If the client does not satisfy the margin call within a reasonable time (which may be as brief as a few hours) the FCM will close out the client's position.

Commodity trading may be illiquid. Most US commodity exchanges limit price fluctuations in certain commodity interest prices during a single day by means of "daily price fluctuation limits" or "daily limits." The daily limit, which is set by most exchanges for all but a portion of the expiration month, imposes a floor and a ceiling on the prices at which a trade may be executed, as measured from the last trading day's close. While these limits were put in place to lessen margin exposure, they may have certain negative consequences for a customer's trading. For example, once the price of a particular contract has increased or decreased by an amount equal to the daily limit, thereby producing a "limit-up" or "limit-down" market, positions in the contract can neither be take or liquidated unless traders are willing to effect trades at or within the limit. Contract prices in various commodities have occasionally moved the daily limit for several consecutive days with little or no trading. Similar occurrences could prevent the CTA from promptly liquidating unfavorable positions and subject a client to substantial losses that could exceed the margin initially committed to such trades.

FCM may fail. Under CFTC regulations, FCM's are required to maintain customer's assets in a segregated account. If a customer's FCM fails to do so, the customer may be subject to risk of loss of funds in the event of bankruptcy. Even if such funds are properly segregated, the customer may still be subject to risk of loss of funds on deposit with the FCM should another customer of the FCM or the FCM itself fail to satisfy deficiencies in such other customers' accounts. Bankruptcy law applicable to all US futures brokers requires that, in the event the bankruptcy of such a broker, all property held by the broker, including certain property specifically traceable to the customer, will be returned, transferred, or distributed to the broker's customers only to the extent of each customer's pro-rata share of all property available for distribution to customers. If any futures broker retained by the customer were to become bankrupt, it is possible that the customer would be able to recover none or only a portion of its assets held by such futures broker. Please note, the customer will be liable for all accrued management and incentive fees in the case that the customer's FCM fails.

Counterparty credit risk. The Advisor may be exposed to the risk that a counterparty will not settle a transaction in accordance with its terms and conditions because of a dispute over the terms of the contract (whether or not bona fide) or because of a credit or liquidity problem, thus causing the Advisor and its clients to suffer a loss. Such "counterparty risk" is accentuated for contracts with longer maturities where events may intervene to prevent settlement, or where the Advisor has concentrated transactions with a single or small group of counterparties. The Advisor is not restricted from dealing with any particular counterparty or from concentrating any or all of its transactions with one counterparty. The ability of the Advisor to transact business with any one or number of counterparties and the lack of any independent evaluation of such counterparties' financial capabilities may increase the potential for losses by the Advisor.

Options are volatile and inherently leveraged, and sharp movements in prices could cause the Advisor to incur large losses. The Advisor may from time to time use options on futures contracts or on commodities. Options involve risks similar to futures, because options are subject to sudden price movements and are highly leveraged, in that payment of a relatively small purchase price, called a premium, gives the buyer the right to acquire an underlying futures contract, forward contract or commodity that has a face value substantially greater than the premium paid. The buyer of an option risks losing the entire purchase price of the option. If the option expires worthless, the client could incur a total loss of the premium paid for the option, as well as associated fees and commissions. The writer, or seller, of an option risks losing the difference between the purchase price received for the option and the price of the futures contract, forward contract or commodity underlying the option that the writer must purchase or deliver upon exercise of the option. There is no limit on the potential loss. Specific market movements of the futures contracts, forward contracts, or commodities underlying an option cannot accurately be predicted.

Trading systems involve proprietary methods. Because of specific elements of the Advisor's trading system are proprietary, a client will not be able to determine the full detail of the trading system or whether it is being followed.

Trades may be executed at different prices for different accounts. Trades may be executed at different times for different accounts. There is not guarantee that every client account will receive a trade at the price identified by the trading system or at the same price as other accounts.

Increase in assets under management may make profitable trading more difficult. The Advisor has not agreed with any party to limit the amount of additional equity it may manage, and is actively engaged in raising assets for existing and new accounts. The more equity that the Advisor manages means that it may be more difficult for the Advisor to trade profitably. This is because of the difficulty in trading larger positions without adversely affecting prices and performance. Accordingly, such increases in equity under management by the Advisor may require the Advisor to modify its trading decision and could have a detrimental effect on the accounts of clients. Such considerations may also cause the Advisor to eliminate smaller markets from consideration for inclusion in its various portfolios, reducing the range of markets in which trading opportunities may be pursued. The Advisor expressly reserves the right to reduce account size by returning assets or profits to clients in an effort to control asset growth. In addition, the Advisor may have an incentive to favor certain accounts because the compensation received from some other accounts may exceed the compensation it receives from certain other accounts. Because records with respect to other accounts are not accessible, an investor will not be able to determine if the Advisor is favoring other accounts.

Performance may vary from other accounts during the start of trading. A client's account may incur certain risks relating to the initial investment of its assets. Due to market conditions, the Advisor may take several days or months before a client's account is fully invested. Notwithstanding any delay in becoming fully invested, a client's account may

commence trading operations at an unpropitious time, such as after sustained moves in a number of markets traded by the Advisor.

Personal liability of client. A client is personally liable for all losses including any which exceed the client's original deposit and any which exceed the equity in the program account. Clients can incur substantial losses due to, among other things, the volatility of price movements in commodity interests and the leverage inherent in the trading of commodity interests.

Electronic trading. The Advisor regularly places futures and options orders on electronic trading systems. Electronic trading and order routing creates risks associated with system failure. In the event of a system failure, it is possible that for a certain period the Advisor might not be able to enter new orders, cancel or modify existing orders, and lose on order priority which could in turn cause potential losses. To mitigate some of this risk, the Advisor utilizes several different order entry systems, and in the event one fails another could be used. The Advisor also maintains access to exchange-floor personnel in the event pit-traded execution is necessary.

Day trading. The Advisor may engage in day trading strategies. Day trading is defined as opening and closing a position during the same trading day, or period. The customer may be subject to a greater amount of commissions charged to their account during that period due to increased trading volume.

DESCRIPTION OF THE TRADING PROGRAM

ADVANCED AG FUTURES TRADING PROGRAM

Pursuant to a Trading Advisory Agreement, clients will grant the Advisor sole discretionary authority to direct, without the prior approval of the client, utilization of the assets and funds of the client's account in the purchase and sale of commodity futures contracts. Brokerage commissions arising from the trading of the clients account will be charged to the account at such rate or rates as the commodity broker publishes and charges for nonmember speculative accounts, or such lower rates as may be agreed upon between the client and the commodity broker. The current minimum for new accounts is US\$1,000,000.

The *Advanced Ag* Futures Trading Program's focus is agricultural commodities, specifically grains, oilseeds, and livestock. The primary focus of the program is grains and oilseeds. Mr. Zelinski's fundamental analysis on the grain and oilseed markets includes forecasting US and world supply and demand tables, monitoring US and world weather, studying domestic and international freight values, and tracking underlying cash values associated with the agricultural futures markets. Mr. Zelinski also travels the country several times a year to study crop development in order to make accurate projections of crop production. With several years of experience as an analyst, Mr. Zelinski has also developed

strong relationships throughout the US and world with cash grain traders that serve as a gateway to additional information.

Mr. Zelinski has also developed several strong connections in the cash side of the livestock industry that aids the livestock trading portion of the program. These contacts include major packers, feedlots, and other significant cash cattle market players. These extensive connections give the program a distinctive edge in evaluating opportunities in trading livestock futures.

DESCRIPTION OF INTERESTS TRADED

The Advisor may trade any variety of commodity interest on regulated exchanges that may include, but are not limited to grains, meats, metals, minerals, currencies, financial market indices, energy related materials and other items of food and fiber, money market instruments, and items that are now, or may hereinafter be, the subject of futures contract trading, options contracts, or physical commodities trading or derivatives or other contracts on such items or instruments (collectively “commodity interests”). The markets available for inclusion in the portfolio will normally be limited to sufficiently liquid commodity interests and may evolve over time as the requirements for portfolio balance and liquidity change. Markets traded by Mr. Zelinski prior to his association with the Advisor, and those which are to be traded by the Advisor include, but are not limited to the following.

LIMITATION OF ADVISOR'S LIABILITY

The Trading Advisory Agreement provides that the Advisor shall not be liable to a client for any actions taken with respect to a commodity account if the Advisor acted in good faith and in a manner reasonably believed to be in, or not opposed to the best interest of the client. The Trading Advisory Agreement further provides that such actions do not include gross negligence, willful or wanton misconduct, or a breach of fiduciary obligations to the client by the Advisor. The Trading Advisory Agreement, consequently, provides that Advisor shall be indemnified and held harmless in the above described circumstances.

FUTURES COMMISSION MERCHANT AND INTRODUCING BROKER

Clients of the Advisor may select at their choice any Futures Commission Merchant ("FCM") with which to maintain their accounts, subject to the Advisor's approval. Clients may also select an Introducing Broker ("IB") to introduce the client's account to the FCM. In the event that the Client does not select an IB, the Advisor will utilize Nesvick Trading Group ("NTG") as its IB. Utilizing NTG as the IB poses a potential conflict of interest as NTG will receive a portion of the commissions paid for trading in accounts of the Advisor.

The FCM selected by the client will be responsible for holding and maintaining all customer funds, securities, commodities, and other properties, providing a daily written record of any trading activity as well as month end report of all open positions held in the account and their value. Brokerage fees and other charges to the client's accounts are negotiated between the FCM or IB and the client. The Advisor anticipates commission rates will range between \$4 to \$18 per round turn plus fees, with NTG's portion of commissions included in this range. These additional fees would include FCM fees, exchange fees, and regulatory fees. The Advisor anticipates the commission plus additional fees will range \$11 to \$25 per round turn.

Advisor reserves the right to reject any FCM or IB requested by a client for any reason, including the belief that its execution and or back office service is not satisfactory or the commission or fees charged to a client are not satisfactory.

Advisor reserves the right to direct certain trades to brokers other than the client's clearing broker. In some cases this is necessary for most or all of the client's trades because of the refusal or inability of the carrying broker to meet the Advisor's requirements to be an executing broker. The clearing broker will then pay additional brokerage and "give-up" fees

from the client's account to the executing broker. The give-up fee should not exceed \$1 per side. Affiliates of the Advisor may receive a portion of the give-up fee in order to cover additional costs as a result of clearing at a firm other than the executing firm. This may also be done when the Advisor feels the net costs or proceeds of the transaction will be better for the client than what would be obtained from his clearing broker.

FEES PAID TO THE ADVISOR

Accounts directed by the Advisor will be charged an advisory fee as set forth in the Trading Advisory Agreement between the Advisor and each client. Such fees generally consist of a monthly management fee of 2% per annum of Net Asset Value of the account and an incentive fee of 20% of the Trading Gains. The management fee is accrued beginning with the first day of the month in which an account is opened and the full fee may be charged for services rendered during any portion of a month in which the Trading Advisory Agreement is terminated. Fees are invoiced to the client's FCM and debited from the trading account, unless otherwise instructed by the client. In the event of an FCM failure or bankruptcy, the client is responsible for payment of any outstanding and/or accrued management and incentive fees.

The "Net Asset Value" of the account is defined as total assets minus total liabilities, determined in accordance with generally accepted accounting principles, except that (i) total liabilities will exclude accrued management and incentive fees and (ii) the Net Asset Value will not be reduced by the amount of any distributions or withdrawals during such period. Each position in a commodity interest is accounted for at fair market value at the close of trading each day. Beginning with the month an account is opened, each month a portion of the management fee will be accrued based on the Net Asset Value of the account on the last day of the month and may be payable monthly at the option of the Trading Advisor. For partially funded accounts, Net Assets will also include the notional portion of the account that has not been funded.

Trading Gain is defined as the increase, if any, in the value of the Account managed by the Advisor arising out of commodity trading activity, including interest earned on such Account and any unrealized gains or losses in open commodity positions (after deductions of round turn brokerage commissions and management fees) as of the end of each month over the value of such Account as of the previous month (or the commencement of trading, whichever is higher) adjusted for withdrawals and additions to the account. Withdrawals and Additions which affect the High Water Mark will be adjusted on a pro-rata basis. If a customer reduces his trading level during the account's drawdown, then a portion of the drawdown will be subtracted from the drawdown amount (calculated by dividing the new, or reduced, trading level by the previous trading level and multiplying the result to the account's drawdown amount). Incentive fees on trading gains will be deducted quarterly.

Subject to the limitations set forth above, if any incentive fee is paid to the Advisor and the account thereafter declines in value for any subsequent quarter, the Advisor will retain all fees previously paid. However, no subsequent fee would be payable until the value of the

account, adjusted for withdrawals and additions, exceeds the end of the quarter value of the prior highest quarterly value.

CTAPs, on behalf of the Advisor, reserves the right to negotiate terms with customers that may be different than those set forth in this document.

Mr. Leith is a principal of the Advisor and a principal of Nesvick Trading Group. Nesvick Trading Group may receive a portion of the commissions described in the “Futures Commission Merchant and Introducing Broker” section. NTG’s portion of these fees could range from 20-80%.

CONFLICTS OF INTEREST

The Advisor, the Affiliates and the Principals may engage in other business activities and manage the accounts of other clients, including those of collective investment vehicles. The investment strategy for such other clients may vary from, be the same as or be similar to the current strategy employed by the Advisor. As a result, the Advisor and the Principals may have conflicts of interest in allocating management time, services, and functions among other business ventures. The Advisor will not receive preferential treatment with respect to the allocation of investment opportunities. Neither the Advisor, the Affiliates nor the Principals are required to refrain from any other activity nor disgorge any profits from any such activity, including acting as a portfolio manager or managing agent for investment vehicles with objectives similar to or different from those of the Advisor.

The Advisor, the Affiliates and the Principals may also engage in other business activities that may compete with the Advisor for investors or Commodity Interests. Moreover, the Principals may serve as managing members or directors of other collective investment vehicles that may compete with the Advisor for investors or Commodity Interests.

The Advisor, the Affiliates and the Principals presently trade in commodities futures contracts for their personal and proprietary accounts and will continue to do so. There is the potential for these accounts to enter trades prior to the Advisor, hold positions opposite of the Advisor, or give preferential treatment to proprietary and personal accounts. Also, these accounts maybe included in the breakdown account used to allocate to individually managed customer accounts. The breakdown (allocation) account is the account in which the trades are executed daily for the customer and proprietary accounts. These trades are allocated from the breakdown account to the individual managed accounts at the end of each day using Average Price System. In this connection, the Advisor’s orders for clients may be executed in competition with the orders for other accounts managed by the Advisor and/or the Principals, including their own accounts. When initiating positions in personal or proprietary accounts, there is the potential for these accounts to trade ahead of or against client’s accounts. All open positions of accounts managed by Zelinski will be aggregated for the purpose of determining positions limits prescribed by the CFTC and the exchanges on which such accounts are traded. Accordingly, accounts managed by Zelinski might be unable to enter or hold certain positions if such positions, when added to positions held by Zelinski’s other accounts, would exceed applicable limits.

Mr. Leith is a principal of the Advisor and a Principal of Nesvick Trading Group. Mr. Zelinski is a principal of the Advisor and also an Associated Person of Nesvick Trading Group, LLC. This is a potential conflict of interest as there could be an incentive to overtrade client accounts in order to generate commissions for Nesvick Trading Group. The Advisor may also receive certain benefits from Nesvick Trading Group LLC like office space or other soft dollar benefits like analysis software, etc., this arrangement may dispose the Advisor to trade more actively. Nesvick Trading Group may receive a portion of the commissions described in the “Futures Commission Merchant and Introducing Broker” section above. NTG’s portion of these fees could range from 20-80%. As the Advisor is paid through an incentive fee, there may also be an incentive to initiate riskier trades in an attempt to generate higher fees.

In some cases, a third party may be utilized to solicit accounts for the Advisor. The third party would be compensated by a percentage of the management and incentive fees on the accounts introduced to the Advisor. The percentage of fees paid to the third party would be a negotiated rate between the third party and the Advisor. Clients introduced by a third party will bear no additional costs outside of the fees previously listed. The third party would have no discretionary trading authority over any accounts of the Advisor.

Account owners will not be permitted to inspect the trading of the Advisor or of other accounts managed by the Advisor. To avoid a conflict of interest, the Principals will not seek to intentionally take positions in his personal or proprietary accounts that are opposite those taken for the managed accounts of clients.

ACKNOWLEDGMENT OF RECEIPT OF DISCLOSURE DOCUMENT

Clients will be required to acknowledge in writing in the Commodity Trading Advisory Agreement that they have received a copy of this Disclosure Document.

PERFORMANCE HISTORY

Set forth in the following performance capsules are the results of the accounts traded by the Advisor, as well as Mr. Zelinski on a discretionary basis. The information set forth in the Performance History is unaudited.

PAST RESULTS ARE NOT NECESSARILY INDICATIVE OF FUTURE RESULTS AND NO REPRESENTATION IS MADE THAT MANAGED ACCOUNTS IN THE FUTURE WILL ACHIEVE PROFITS SIMILAR TO THOSE SHOWN. NO ASSURANCE CAN BE MADE THAT LOSSES WILL NOT BE INCURRED.

NOTES TO THE PERFORMANCE HISTORY CAPSULE

Capsule A - Opus Futures, LLC: Accounts in this composite generally pay the management fee and incentive fee described in this document.

Capsule C – Represents accounts traded by Mr. Zelinski for the Macro Monitor Trading Program. This Capsule ceased trading on June 6, 2025 and is now closed to investing.

Beginning Net Asset Value (“BNAV”) is the total capital available for trading as of the beginning of the period including notional funds. Such value represents all assets, less all liabilities, with open commodity positions accounted for at fair market value including accrued brokerage commissions on open positions.

Total Nominal Equity is the aggregate of actual assets included in the BNAV and notional equity assigned to the account.

Contributions/Withdrawals are funds the participant paid in or received from its account.

Brokerage Commissions are the amounts of brokerage commissions and NFA and exchange fees on all trades executed during the period combined with the change in anticipated brokerage commission on open positions.

Management Fees represents an annual management fee of 2% for the account’s ending net asset value as defined in the respective agreement (which includes all committed funds). In addition, accounts may be charged Performance Fees of 20% of quarterly Trading Gains.

Net Performance equals Net Realized and Unrealized Gain (Loss) plus Interest Income less Management Fees and Performance Fees.

Rate of Return, (fully funded subset method) equals the Net Performance the period divided by the period’s Beginning Net Asset Value and time weighted cash adjustments.

Drawdowns are losses experienced by a trading program or pool over a specified period.

Worst peak-to-valley drawdowns are the greatest cumulative percentage decline in month-end net asset value due to losses sustained by a trading program during a period in which the initial month-end net asset value is not equaled or exceeded by a subsequent month end net asset value.

Manager is defined in this document as the company making trading decisions for the capsules. In this case, the Manager is Opus Futures, LLC, a registered Commodity Trading Advisor.

SPECIAL DISCLOSURE FOR NOTIONALLY FUNDED ACCOUNTS

YOU SHOULD REQUEST YOUR COMMODITY TRADING ADVISOR TO ADVISE YOU OF THE AMOUNT OF CASH OR OTHER ASSETS (ACTUAL FUNDS) WHICH SHOULD BE DEPOSITED TO THE ADVISOR'S TRADING PROGRAM FOR YOUR ACCOUNT TO BE CONSIDERED "FULLY FUNDED." THIS IS THE AMOUNT UPON WHICH THE ADVISOR WILL DETERMINE THE NUMBER OF CONTRACTS WHICH WILL BE TRADED IN YOUR ACCOUNT AND SHOULD BE AN AMOUNT SUFFICIENT TO MAKE IT UNLIKELY THAT ANY FURTHER CASH DEPOSITS WOULD BE REQUIRED FROM YOU OVER THE COURSE OF YOUR PARTICIPATION IN THE ADVISOR'S PROGRAM.

YOU ARE REMINDED THAT THE ACCOUNT SIZE YOU HAVE AGREED TO IN WRITING (THE "NOMINAL" OR "NOTIONAL" ACCOUNT SIZE) IS NOT THE MAXIMUM POSSIBLE LOSS THAT YOUR ACCOUNT MAY EXPERIENCE.

YOU SHOULD CONSULT THE ACCOUNT STATEMENTS RECEIVED FROM YOUR FUTURES COMMISSION MERCHANT IN ORDER TO DETERMINE THE ACTUAL ACTIVITY IN YOUR ACCOUNT, INCLUDING PROFITS, LOSSES AND CURRENT CASH EQUITY BALANCE. TO THE EXTENT THAT THE EQUITY IN YOUR ACCOUNT IS AT ANY TIME LESS THAN THE NOMINAL ACCOUNT SIZE YOU SHOULD BE AWARE OF THE FOLLOWING:

1. ALTHOUGH YOUR GAINS AND LOSSES, FEES AND COMMISSION MEASURED IN DOLLARS WILL BE THE SAME, THEY WILL BE GREATER WHEN EXPRESSED AS A PERCENTAGE OF ACCOUNT EQUITY. FOR EXAMPLE, THE 2% PER ANNUM MANAGEMENT FEES PAID ON A FULLY FUNDED TRADING ACCOUNT WOULD ACTUALLY BE 4% ON ACCOUNT THAT IS 50% FUNDED.
2. YOU MAY RECEIVE MORE FREQUENT AND LARGER MARGIN CALLS.
3. THE CAPSULE PERFORMANCE MAY BE USED TO CONVERT THE RATES OF RETURN ("ROR") IN THE GRAPH TO THE CORRESPONDING RORs FOR PARTICULAR FUNDING LEVELS.
4. CASH ADDITIONS TO AND WITHDRAWALS FROM THE ACCOUNT SHALL AFFECT THE NOMINAL SIZE OF THE ACCOUNT DOLLAR FOR DOLLAR UNLESS SPECIFIED IN WRITING. LIKEWISE, NET PERFORMANCE AFFECTS THE NOMINAL SIZE OF THE ACCOUNT DOLLAR FOR DOLLAR UNLESS SPECIFIED OTHERWISE.
5. NOTIONALLY TRADED FUNDS INCREASE THE AMOUNT OF LEVERAGE TRADED IN AN ACCOUNT.

FUNDING LEVELS

USE THE MATRIX BELOW TO CONVERT THE RATE OF RETURN (“ROR”) FROM THE TABLE TO THE RATE OF RETURN EXPERIENCED BY PARTIALLY FUNDED ACCOUNTS AT VARIOUS FUNDING LEVELS. AN ACCOUNT IS CONSIDERED PARTIALLY FUNDED WHEN AN ACCOUNT HAS ACTUAL FUNDS AND NOTIONAL FUNDS. FOR EXAMPLE, AN ACCOUNT THAT DEPOSITS \$500,000 OF ACTUAL CASH AND ASSIGNS ANOTHER \$500,000 OF NOTIONAL FUNDS IS CONSIDERED 50% FUNDED. AFTER YOU HAVE DETERMINED THE ROR YOU WANT TO CONVERT TO YOUR PARTICULAR FUNDING LEVEL, MULTIPLY (X) BY THE APPLICABLE FACTOR (4 FOR 25%, 2 FOR 50%, ETC.)

		(Sample Monthly Rates of Return)							
		-16.00%	-8.00%	-1.00%	0.00%	6.00%	9.00%	15.00%	27.00%
Funding Levels	100.00%	-16.00%	-8.00%	-1.00%	0.00%	6.00%	9.00%	15.00%	27.00%
	90.00%	-17.78%	-8.89%	-1.11%	0.00%	6.67%	10.00%	16.67%	30.00%

	60.00%	-26.67%	-13.33%	-1.67%	0.00%	10.00%	15.00%	25.00%	45.00%
	50.00%	-32.00%	-16.00%	-2.00%	0.00%	12.00%	18.00%	30.00%	54.00%
	25.00%	-64.00%	-32.00%	-4.00%	0.00%	24.00%	36.00%	60.00%	108.00%

THE ABOVE EXAMPLE SHOWS HOW A MONTHLY ROR OF -1.00% CAN BE CONVERTED TO THE ROR EXPERIENCED BY AN ACCOUNT AT VARIOUS FUNDING LEVELS. AN ACCOUNT WHICH IS 25% FUNDED WOULD HAVE EXPERIENCED A ROR -4.00% (-1.00% MULTIPLIED BY 4)

Exhibit 2
Trading Advisory Agreement

This Agreement for advisory services is made for the _____ program and entered into this ____ day of _____, 20____, by and between OPUS FUTURES, LLC, hereinafter referred to as the “Advisor” and _____ hereinafter referred to as the “Client”.

This Agreement is entered into based upon the following representations: The Client represents that the Client has speculative capital for the principal purpose of investing in futures contracts, and has been informed and is fully cognizant of the possible high risks associated with such investments. The Client further represents that the Client has the financial capacity to undertake such risks.

IT IS MUTUALLY AGREED:

1. The Client shall deposit with _____, a Futures Commission Merchant, hereinafter called the “FCM”, who is mutually acceptable to both the Client and the Advisor, funds and/or securities in the amounts of (definitions found below in section b):
 - Actual: \$ _____
 - Related: \$ _____
 - Notional: \$ _____
 - NOMINAL: \$ _____
 - a. If the amount of the initial deposit is less than the actual account size please refer to the attached Supplemental Commodity Advisory Agreement for Notionally - Funded Accounts.
 - b. Actual funds are funds held in the actual account that the CTA controls. Related funds are held in a related account but are used to fund the account the CTA controls. Notional funds represent the difference between the investment amount and the amount of funds the client has committed to the account. Nominal funds represent the total amount of funds the CTA uses to make trading decisions.
2. The Advisor may transact in futures contracts, options on future contracts, forward contracts, and/or cash commodities. The Advisor will have the exclusive authority to issue all necessary instructions to the Client’s broker, FCM or legal representative thereof. All such transactions shall be for the account and risk of the Client.
3. The Advisor’s services are not rendered exclusively for Client, and the Advisor shall be free to render similar services to others.
4. This Agreement shall remain in effect until terminated by the receipt of written notice of either party to the other. The Advisor or Client may terminate this Agreement for any or no reason upon such

notice. Upon termination of the Agreement, the open positions, if not liquidated, and subsequent management of the Account shall be the sole responsibility of the Client.

5. The Client may add to or withdraw funds from the Account at any time as long as the Account's equity remains above the initial Account size. The Client agrees to notify the Advisor in writing in advance of such additions or withdrawals. Nothing in this section is intended to limit the Client's ability to withdraw funds with its FCM, though reducing the account balance below the trading level may lead to termination of this agreement.
6. The Client's Account shall be charged for all commissions and/or expenses arising from transactions exercised in the administration of the Account.
7. The Client agrees to inform the Advisor immediately if the Client is dissatisfied with the Advisor's decisions or actions, or if the Client is dissatisfied with the broker or FCM's handling of the Account.
8. The Advisor makes no guarantee that any of its services will result in profit to the Client. The Client has discussed the risks of futures trading with its broker and understands these risks. The Client assumes the responsibility for losses that may be incurred.
9. The Client agrees to execute a limited trading authorization / power of attorney with the FCM authorizing the Advisor to enter order for futures contracts for the Client's Account. It is agreed and understood by the Client that the Advisor has no responsibility for any act, omission or error of the broker or FCM, including the proper execution of orders by the FCM.
10. The Advisor will cause futures contracts, forward contracts, options on futures contracts, and cash commodities to be bought, sold, sold short, or spread, and will have the exclusive authority to issue all necessary instructions to the FCM. All such transactions shall be for the account and risk of the Client. Client hereby makes, constitutes, and appoints the Advisor as the Client's attorney-in-fact for the purpose of (i) negotiating and executing one or more clearing and execution agreements (i.e. give-up agreements, EFP agreements) with executing or floor brokers not employed by or affiliated with the FCM, and (ii) entering into any other arrangements on the Client's behalf that are necessary or convenient, in the judgment of the Advisor, in effecting and processing give-up orders.
11. With respect to prime brokerage arrangements, the Advisor (in addition to and not in limitation of the foregoing) is specifically authorized by the Client to execute prime brokerage agreements, bind the Client to arbitration hereunder, enter orders to effect prime brokerage transactions, execute a directive to a clearing broker regarding the mailing of confirmations, disclose such financial information regarding the Client as the clearing broker deems necessary to effect such transactions and take such actions as are contemplated by prime brokerage agreements. It is anticipated that all activity conducted by the Advisor will be executed by Nesvick Trading Group LLC ("IB"). The client can use any FCM reasonably acceptable to the IB and the Advisor for its clearing account.
12. The Client will pay the Advisor a management fee equal to _____, charged monthly off of the Account's month-end Net Assets before additions or withdrawals made during the month which are applied on a time weighted adjusted basis. (Equal to 1/12 of _____.) The term "Net Assets" of the Account shall mean total assets (including, but not limited to, all cash and cash equivalents, valued at cost, accrued interest, capital committed by Client but not actually deposited in the Account i.e. notional funds, and the market value of any open positions) less liabilities of the Account (including the accrued portion of brokerage fees), excluding accrued management and incentive fees.

The current market value of all open commodity positions shall be as indicated by the settlement price determined by the exchanges on which such positions are maintained. If there are no trades on the date of the calculation due to the operation of the daily price fluctuation limits, the closing of the exchange on which positions are maintained, or otherwise, the contract will be valued at the nominal settlement price as determined by the exchange. The management fee is accrued beginning with the first day of the month in which an account is opened and the full fee may be charged for services rendered during any portion of a month in which the Agreement is terminated. Payment of the monthly management fee must be made within 30 days. If the management fees are not paid in a timely manner the client will be subject to account liquidation at the Advisor's discretion. The obligation to make payment for the management fee shall survive the termination of this agreement.

13. The Client will pay the Advisor an incentive fee equal to _____ of the Trading profits earned by the Client's Account as of each calendar quarter and as of the end of each three-month period thereafter (an "Incentive Fee Period"). The term "Trading Profits" is defined to mean the net futures trading profits (realized and unrealized) earned by the Account as of the end of each Incentive Fee Period after deduction of brokerage commissions paid and accrued, floor brokerage fees, give-up fees, and other fees, costs, and expenses directly related to the Account's trading activities (but prior to reduction for any accrued and unpaid incentive fees); such trading profits shall be determined from the end of the last Incentive Fee Period for which an incentive fee was earned by the Advisor or, if no incentive fee has been earned previously by the Advisor, from the date that the Account began to receive trading advice from the Advisor to the end of the Incentive Fee Period as of which such incentive fee calculation is being made. In the calculation of Trading Profits, the Advisor is not required to earn back previously paid incentive fees. If the Agreement is terminated as of any date which is not the end of Incentive Fee Period, the incentive fee described above, if applicable, will be determined as if such termination date were at the end of an Incentive Fee Period. If any payment of incentive fees is made to the Advisor on account of Trading Profits and the Client's Account thereafter fails to earn Trading Profits or experiences losses for any subsequent Incentive Fee Period, the Advisor will be entitled to retain such amounts of incentive fees previously paid to it in respect of such Trading Profits. However, no subsequent incentives fees will be payable to the Advisor until the Account has overcome any trading losses being carried forward to achieve new Trading Profits. Payment of the incentive fees must be made within 30 days. If the fees are not paid in a timely manner the client will be subject to account liquidation at the Advisor's discretion. The obligation to make payment for the incentive fee shall survive the termination of this agreement.
14. The Client agrees to authorize the FCM to make payments from the Client's Account to the Advisor in compensation for services set forth in this Agreement.
15. Upon notification from the Client that the Account is ready to be traded or a new trading level is to be added, positions will be added at the Advisor's discretion. Similarly, upon Client's notification to liquidate the Account or reduce the trading level, the Advisor shall liquidate positions at its discretion. Please be aware this could delay liquidations up to 10 trading days after the notice is received by the Advisor.
16. If the Account is to be notionally funded the Client should request from the Advisor the amount of cash or other assets (actual funds) which should be deposited to the Advisor's trading program in order for the Client's account to be "Fully-Funded." This is the amount upon which the Advisor will determine the number of contracts traded in the Account and should be an amount sufficient to make it unlikely that any further cash deposits would be required from the Client over the course of your participation in the Advisor's program. The Client is reminded that the Account size agreed to in writing (the "nominal" or "notional" account size) is not the maximum possible loss that the Account

may experience. The Client should consult the account statements received from the broker and / or FCM in order to determine the actual activity in the Account, including profits, losses, and current cash equity balance. To the extent that the equity in the Account is at any time less than the nominal account size the Client should be aware of the following: (1) Although the gains and losses, as well as fees and commissions measured in dollars will be the same, they will be greater when expressed as a percentage of the account equity; (2) the Client may receive more frequent and larger margin calls; and (3) the disclosures which accompany the performance capsules may be used to convert the rates

of return (“RORs”) in the performance capsules to the corresponding RORs for particular funding levels.

17. Notwithstanding any other provision of this Agreement to the contrary, Client, not the Advisor, shall have sole and exclusive authority and responsibility with regard to the investment, maintenance and management of the Account’s assets which are held in securities (such as United States Government securities) and in cash.
18. Should the Client be acting on behalf of third-party investors, Client has determined the extent of any information regarding the Account (including trading performance) that is required to be provided to such investors and takes sole responsibility therefore.
19. Should the Client be acting on behalf of third-party investors, Client shall not provide any sales or promotional materials referring to the Advisor to any such investors for whom the Client is acting without prior written consent of the Advisor.
20. The Advisor represents and warrants to the Client that: (i) it has full capacity and authority to enter into this agreement and to perform its obligations hereunder; (ii) it has all governmental and regulatory licenses, registrations, and approvals required by law as may be necessary to perform its obligations under this Agreement; and (iii) the Advisor will not, by entering into this Agreement and performing its obligations hereunder, breach or cause to be breached any undertaking, agreement, contract, statute, rule or regulation of any court of any governmental body or administrative agency or self-regulatory authority having jurisdiction over it.
21. Client represents and warrants to the Advisor that:
 - (i) It has full capacity and authority to enter into this Agreement and to perform its obligations hereunder.
 - (ii) It has all governmental and regulatory licenses, registrations, and approvals required by law as may be necessary to perform its obligations under this Agreement.
 - (iii) Client will not, by entering into this Agreement and performing its obligations hereunder, breach or cause to be breached any undertaking, agreement, contract, statute, rule or regulation of any court or any governmental body or administrative agency or self-regulatory authority having jurisdiction over it.
 - (iv) The Advisor is not required to obtain any licenses, registrations or approvals in connection with the Advisor’s execution of this Agreement and the performance of its obligations hereunder.
 - (v) The Client either is not required to be registered with the Commodity Futures Trading Commission (“CFTC”) or to be a member of the National Futures Association (“NFA”) or if required to be so registered is duly registered with the CFTC and is a member in good standing of the NFA.

22. The Advisor will not be liable to the Client or to others except by reason of acts constituting willful misconduct or gross negligence as to its duties hereunder, and disclaims any liability for human or machine errors in orders to trade or not to trade futures contracts. Client shall indemnify, defend and hold harmless the Advisor and its principals, officers, shareholders, employees and controlling persons from and against any and all losses, claims, damages (including without limitation, consequential damages and attorney's fees), liabilities (joint and several), costs and expense (including any investigatory, legal and other expenses incurred in connection with, and any amounts paid in, any settlement; provided that Client shall have approved such settlement) resulting from a demand, claim, lawsuit, action or proceeding arising out of, resulting from or relating to any such person's actions or capacities in connection with the Account pursuant to this Agreement; provided that the conduct of such person which was the subject of the demand, claim, lawsuit, action or proceeding was not in contravention of the express terms of this Agreement, or did not constitute willful misconduct or gross negligence. This provision shall survive the termination of this agreement.
23. In the event that any provisions of this Agreement are invalid for any reason whatsoever, all other conditions and provisions of this Agreement shall, nevertheless, remain in full force and effect. There are no verbal agreements between the parties.
24. This Agreement constitutes the entire agreement between the parties, and no modifications or amendments of this Agreement shall be binding unless in writing and signed by the participants hereto.
25. This Agreement shall be governed by the laws of the State of Tennessee. The Client and the Advisor agree that any action or proceeding arising directly, indirectly, or otherwise in connection with, out of, related to, or from this Agreement, any breach hereof, or any transaction covered hereby, shall be resolved whether by arbitration or otherwise, within the State of Tennessee. Accordingly, the Client and the Advisor consent and submit to the jurisdiction of the federal and state courts and any applicable arbitral body located within the State of Tennessee. The Client and the Advisor further agree that any such action or proceeding brought by either the Client or the Advisor to enforce any right, assert any claim, or obtain any relief whatsoever in connection with the Agreement shall be brought by the Client or the Advisor, as applicable, exclusively in federal or state courts, or of appropriate before any applicable arbitral body, located within the State of Tennessee. This provision shall survive the termination of this agreement.
26. Any notices required to be given hereunder shall be in writing and sent by certified or registered mail, return receipt requested, to the Advisor and to the Client at the addresses set forth below their respective signatures hereto. Either party may change its address by giving notice in writing to the other party stating such new address. Commencing on the tenth day after the giving of such notice, such newly designated address shall be the party's address for the purpose of all notices or communications required or permitted to be given pursuant to this Agreement. Notices to the Client from the Advisor shall be deemed given as of the close of business on the first business day after mailing. Notices to the Advisor from the Client shall be deemed given as of the close of business on the day on which such notices are received by the Advisor.

27. Client has established and will maintain a commodity trading account (the "Account") with a futures commission merchant and has indicated the amount of cash deposited and notional funding which together shall comprise the total initial trading level for the Account, as specified at the end of this Agreement. Client agrees to not change the amount of notional funding in the Account without prior notice to and agreement from the Advisor. If funds are committed funds, funds that are not physically in the account but are committed to the program, the client agrees to the following:

- The client agrees that the ownership of the accounts are identical.
- The client agrees that their FCM can transfer these funds to the trading Account at the CTA's request.
- The client agrees the funds must be available for transfer and are not committed to another trading program.
- The client agrees to let the CTA verify the amount of these funds with the IB or FCM.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement on the day and year written on the first page of this Agreement.

Exhibit 3

Supplemental Commodity Advisory Agreement for Notionally - Funded Accounts

This supplemental commodity advisory agreement for notionally-funded accounts is made and entered into this _____ day of _____, 20____ by and between Opus Futures, LLC, a Tennessee Limited Liability Company, hereinafter referred to as the “Advisor” and _____, hereinafter referred to as the “Client” for the _____ program.

This agreement is executed as a supplement to the Trading Advisory Agreement also made and entered into by the Advisor and the Client.

IT IS AGREED:

1. The client represents and warrants that he has deposited, or has on deposit with _____, a Futures Commission Merchant, hereinafter called the “FCM”, funds and/or securities in the amounts of (definitions outlined in Trading Advisory Agreement section 1b):
 - Actual: \$ _____
 - Related: \$ _____
 - Notional: \$ _____
 - NOMINAL: \$ _____
2. The Client acknowledges receipt of the SPECIAL DISCLOSURE FOR NOTIONALLY FUNDED ACCOUNTS. The Client further acknowledges he/she has read and fully understands such special disclosure.
3. THE CLIENT ACKNOWLEDGES THAT PROFITS AS WELL AS LOSSES, AND CONSEQUENTLY RISK, WILL BE GREATER AS MEASURED BY A PERCENTAGE OF ASSETS ACTUALLY DEPOSITED IN THE ACCOUNT, THAN IN AN ACCOUNT FULLY FUNDED.
4. THE CLIENT ACKNOWLEDGES THAT THE ACCOUNT WILL EXPERIENCE GREATER VOLATILITY AS MEASURED BY RATES OF RETURN ACHIEVED IN RELATION TO ASSETS ACTUALLY DEPOSITED IN HIS/HER ACCOUNT, THAN IN AN FULLY FUNDED ACCOUNT.
5. THE CLIENT ACKNOWLEDGES THAT THE AMOUNT OF FUNDS THAT INITIALLY ESTABLISHED THE ACCOUNT IS NOT THE MAXIMUM POSSIBLE LOSS THAT THE ACCOUNT MAY EXPERIENCE.
6. THE CLIENT ACKNOWLEDGES THAT FEES AND COMMISSIONS AS MEASURED AS A PERCENTAGE OF ASSETS ACTUALLY DEPOSITED WILL BE LARGER THAN IN AN ACCOUNT THAT IS FULLY FUNDED.

7. PARTIAL FUNDING INCREASES THE FEES AND COMMISSIONS AS A PERCENTAGE OF ACTUAL FUNDS BUT DOES NOT INCREASE THE DOLLAR AMOUNT OF THOSE FEES.
8. PARTIAL FUNDING INCREASES LEVERAGE AND MAY RESULT IN MORE FREQUENT AND LARGER MARGIN CALLS.
9. THE CLIENT ACKNOWLEDGES THAT PERMITTED WITHDRAWALS AND ADDITIONS TO THE ACCOUNT WILL SERVE TO INCREASE OR REDUCE RESPECTIVELY THE LEVEL OF RISK, VOLATILITY, COMMISSIONS AND FEES IN THE ACCOUNT AS MEASURED BY A PERCENTAGE OF ASSETS ACTUALLY DEPOSITED IN THE ACCOUNT AS COMPARED TO AN ACCOUNT FULLY FUNDED.
10. THIS AGREEMENT SUPERSEDES ALL PRIOR SUPPLEMENTAL COMMODITY ADVISORY AGREEMENT FOR NOTIONALLY-FUNDED ACCOUNTS ENTERED INTO BY AND BETWEEN THE ADVISOR AND THE CLIENT.

IN WITNESS WHEREOF, the parties hereto have executed this agreement on the day and year written in the first page of this agreement.

Privacy Policy

Your Privacy is Our Priority

Opus Futures, LLC (“COMPANY”) is committed to safeguarding the personal information that you provide us. This Privacy Policy describes how we handle and protect personal information we collect about individuals, such as you, who apply for or receive our products and services. The provisions of this notice apply to former customers as well as our current customers.

Why and How We Collect Personal Information

When you apply for or maintain an account with Opus Futures, LLC, we collect personal information about you for business purposes, such as evaluating your financial needs, processing your requests and transactions, informing you about products and services that may be of interest to you, and providing customer service. The personal information we collect about you includes:

- information you provide to us on applications and other forms, such as your name, address, date of birth, social security number, occupation, assets, and income;
- information about your transactions with us and with our affiliates;
- information we receive from consumer reporting agencies, such as your credit history and creditworthiness, and other entities not affiliated with Opus Futures, LLC; and
- information you provide to us to verify your identity, such as a passport, or received from other entities not affiliated with the Opus Futures, LLC.

How We Protect Personal Information

We limit access to your personal information to those employees who need to know in order to conduct our business, service your account, and help you accomplish your financial objectives, such as providing you with a broad range of products and services. Our employees are required to maintain and protect the confidentiality of your personal information and must follow established procedures to do so. We maintain physical, electronic, and procedural safeguards to protect your personal information. We do not rent or sell your name or personal information to anyone.

Sharing Information with Our Affiliates and Clearing Firm

We may share personal information described above with our affiliates and futures clearing firm for business purposes, such as servicing customer accounts and informing customers about new products and services, and as permitted by applicable law.

The information we share with affiliates may include the information described above, such as name, address and account information, but will not include other credit information, such as credit history appearing on a consumer credit report or net worth and income information appearing on applications for our products and services.

Disclosure to Non-Affiliated Third Parties

In order to support the financial products and services we provide to you, we may share the personal information described above with third-party service providers not affiliated with us, including companies under contract to perform services for us or on our behalf, such as vendors that prepare and mail information to you, provide data processing, computer software maintenance and development, transaction processing and marketing services and other services that are considered necessary in order for us continue operating our business as well as adhering to the rules and regulations that govern our business. These companies acting on our behalf are required to keep your personal information confidential.

Also, we may disclose personal information with non-affiliated companies and regulatory authorities as permitted or required by applicable law. For example, we may disclose personal information to cooperate with regulatory authorities and law enforcement agencies to comply with subpoenas or other official requests, and as necessary to protect our rights or property. **Except as described in this privacy policy, we will not use your personal information for any other purpose unless we describe how such information will be used at the time you disclose it to us or we obtain your permission to do so.**

Opus Futures reserves the right to record any and all phone conversations pursuant to cooperation with regulatory requirements.

Accessing and Revisiting Your Personal Information

We endeavor to keep our customer files complete and accurate. We will give you reasonable access to the information we have about you. Most of this information is contained in account statements that you receive from us and applications that you submit to obtain our products and services. We encourage you to review this information and notify us if you believe any information should be corrected or updated. If you have a question or concern about your personal information or this privacy notice, please contact **Brian Leith**, Compliance Manager, Opus Futures, LLC at (901) 766-4446 or via postal mail at Opus Futures, LLC, 9047 Poplar Avenue Suite 101 Germantown TN, 38138.
